Terms of admission

Registration/reservation

Please complete the registration form on our website www.knirpsen-villa.ch. We can also send this to you if easier. Please feel free to give us a call.

Settling in

The settling in period is mandatory for the child, parents and day care staff. Two weeks before the contract starts, parents must come with their child to the day care center for the settling in phase. It is important that parents schedule in the necessary time in advance.

Rates

For babies (up to 18 months) we charge **CHF 135** per day, for small children **CHF 116** per day. The childcare contract specifies how many days per week the child will attend the day care center. These are invoiced monthly and result in a fixed monthly charge which is payable monthly in advance.

Cancellation/withdrawal

The child's day care place can be canceled by either party with two months' notice at the end of the calendar month.
